MEMORANDUM FOR: Jerry Bremer
 Executive Secretary
 Department of State

SUBJECT : Foreign Broadcast Information Service

1. The Foreign Broadcast Information Service (FBIS) is observing its 40th Anniversary on 26 February. On its 30th Anniversary, Secretary Rogers, at my request to your predecessor, wrote a letter which I have included. I am told these expressions of appreciation and support from the Secretary are a great morale booster, particularly among our foreign national employees at overseas installations.

2. Also enclosed is a draft letter for Secretary Haig. I believe that last time around your office consulted INR (Bill McAfee) and Secretary Rogers' letter was forthcoming. Would appreciate your doing what you can on this.

B. C. Evans
 Executive Secretary
